Subject: Transport Legislation (Taxi Services) Amendment Bill 2015

To Whom It May Concern,

I would like to submit my support for the amendment to the Transport Operations Road Use Management Act 1995.

Over the years this industry has supported many Queensland people & from my experience is a very family orientated industry whom have all complied with the laws & legislation that apply to the taxi & transport industry.

Considering that Illegal Taxi Services are not complying to these laws & regulations is a hypocrisy on behalf of the Government. Rules & regulations are to be upheld for a various reasons with many consequences. But overall the fact that the Government is not enforcing their own laws reflects & makes all laws seem insubstantial.
