Dear Chair, other Committee members,

Firstly, thank you for the opportunity to submit.

An Act to amend the State Penalties Enforcement Act 1999, the Transport Operations (Passenger Transport) Act 1994 and the Transport Operations (Road Use Management) Act 1995 to provide for the recording of demerit points against the traffic history of a person who provides a taxi service without a taxi service licence or a peak demand taxi permit

70A Recording of demerit points for providing a taxi service without a licence.

I see this as a positive and non evasive measure as a deterrent to unlawful participants.

The Law, is THE LAW . Presently it is not being Policed. Subsequently the Safety of the General Public being compromised.

The Taxi Industry is a very controlled and heavily regulated industry for a reason and that is,, the "SECURITY & SAFETY" of the Travelling Public.

With the utmost Respect.
