Dear Sir,

RE: Transport Legislation (Taxi Services) Amendment Bill 2015

I wish to register my support for the pending above legislation concerning the incurring of demerit points for illegal operating drivers found to be conducting an illegal taxi service.

As a Taxi Driver I find it difficult to believe that people, and the Government, would allow for such an unsafe service to operate. My employment in the taxi industry will become adversely affected if the current practice by illegal taxi operators is allowed to continue.

Yours Truly

Terry Roe
