Dear Infrastructure, Planning and Natural Resources Committee,

As a Taxi license owner, I ask you to please push through the Amendment Bill!

My License is leased to an accredited operator on the Gold Coast.
The vehicle conforms to the laws and regulations, has the correct insurances and correct cameras etc. The drivers of the vehicle also carry the correct qualifications.
Because of all this, a Taxi to purchase and set up legally for operation is worth well over \$650,000.

Uber are clearly laughing at Queensland's rules and regulations by not conforming to any of the above that I have mentioned.

No wonder they provide great competition! No Licence, No public liability, No commercial CTP..... No Worries!

Uber and uber like operations are dangerous, illegal and UNFAIR!

Heavy penalties should be given as a deterrent to not operate,

(or, all the rules and regulations should be abolished so it is fair game for all.)

I, and many other Aussie investors, operators and drivers have all benefited from the transport industry, But we have all played by the rules.

Please,

Lets us not let a foreign 'ap' owner get more wealthy from his illegal operations in Queensland..

Lets stop it.

Yours sincerely,
Russell Hahn
