Dear Committee Members,

I respectfully refer you to Submission 003 of 23rd September 2015 as this clearly aligns with my views on this matter. I could not express this better. All of the information provided by the Taxi Industry can be verified through Government sources. Don't be conned by Uber spin. Any information you consider from Uber please have independently verified to save any embarrassment. As Uber ignore a "cease and desist order" issued to them some 17 months ago it appears that they have no intention of obeying the law. The law has proven to be ineffective. As with other ineffective laws obviously the penalty needs to be increased. Management of Uber have been aiding and abetting and conspiring with drivers in mocking the laws of this state. Do you wish this lawlessness to continue?

I wholly support this Bill.

Yours Respectfully,  
Kevin Connolly
