Dear Committee Members

I write in support of the Transport Legislation (Taxi Services) Amendment Bill 2015.

Unlike the taxi industry, UBER and other illegal ride sharing businesses does not abide by the rules and regulations provided for within Queensland legislation. The service provided by the taxi industry remains the safest, having implemented safety mechanisms and measures such as GPS tracking of vehicles and cameras to protect both its drivers and customers. To obtain a taxi drivers license a course must first be completed and criminal history checked.

I urge you to support the proposed Transport Legislation (Taxi Services) Amendment Bill 2015.

Yours sincerely

H. S. Randhawa
