To the Infrastructure Planning and Natural Resources  
Committee,

I support the taxi services amendment Bill 2015.

The laws are being completely disregarded by these illegal  
taxi operators. There needs to be more penalties put in place  
until the review recommendations can be put in place. I think  
that demerit points will help us, as drivers, cope with this  
and that the transport department along with the police  
might actually be able to do their job.

Please consider all of us as drivers and the fact that we have  
already lost a good deal of our income in the last 18 months  
to these law breakers. It will not be a good Christmas for us.

Thank you for your time,

*Ratinder Pal Singh*
