

To the Infrastructure Planning and Natural Resources
Committee,
I support the taxi services amendment Bill 2015.

We must introduce demerit points as a way of maintaining
the law. This law, that is currently being broken by illegal
taxis, is what binds society together.

The transport department along with the police might be
able to do their job if there are demerit points in place.

Please consider all the legal taxi drivers of Queensland, we
have not broken the law but are being treated like we have.

Thank you for your time,
