

To the Infrastructure Planning and Natural Resources
Committee,

I support the taxi services amendment Bill 2015.

I have been driving for about 20 years and I would like to
continue to do so. The illegal taxi company has come in and
taken away my income. They are breaking the law but the
transport department seems powerless to enforce the
regulations. I would like to know why? The issuing of fines
does nothing. Proper training is required for this profession.
We need to make the laws stronger and I believe that
demerit points are the best way to do this.

Thank you for your time,
