

To the Infrastructure Planning and Natural Resources
Committee,
I support the taxi services amendment Bill 2015.

I have been driving for over 10 years and I really like my job. This illegal company has come in and turned our industry from one that is calm and relaxed into a frustrated and angry mob. The issuing of fines does nothing. We are the streets ambassadors and proper training is required for this. It would seem that illegal taxi operators know that the laws are able to be broken and so we need to make them stronger. I believe that demerit points are the best way to address this lawlessness.

Thank you for your time,

DAVID BROTHERTON
