**19<sup>th</sup> October 2005**

Dear Members,

Ipswich Community Aid Inc., is a charitable organisation with a Taxation Status of DGR as well as PBI, we provide many programs to our local community, with transport in rural areas being one of our services. What I would like to suggest to your committee is that the fuel excise and or GST on fuel could be waived or reduced to such organisations such as ours.

Our region is quite vast and covers residents in an area almost 8,000km square, this reduction would provide much needed assistance to a charity such as ours, in provision of health or medical related travel to seniors and the disabled.

I respectfully submit this suggestion to your committee for due consideration on our behalf.

Yours sincerely

Mr Erik Jansink  
Manager  
Ipswich Community Aid Inc.
