The Hon Liz Cunningham
Dear Liz

I have been watching the petrol prices with interest. Over the last few weeks petrol in Brisbane & surrounds have ranged from 113.9 to 117.9 yet here in Gladstone (all) services stations are 126.9. I watch channel 10 news & they give the average price every evening. Is the Country Areas used to subsidise the great south east or is plain ~~profiteering~~ profiteering by the oil companies. Gladstone is a port & petrol is shipped in at a very low cost probably under a cent a litre. I have contacted Paul Neville to see what he has to say (no answer yet). About 10th of September petrol went to 126.9 & at today the 7-1005 it is still the same. I will keep a check to watch prices in the coming months & keep you informed.

Gladstone Price	12-10-05	126.9	South Ingham	117.9
Mackay Price	12-10-05	123.9	Rockhampton	127.9
Townsville Price	12-10-05	122.9		
Ingham Price		120.9		

Thank you

Frank McKelough

Gladstone	122.9	} 20-10-05	South Ingham	114.5
Ingham	120.9			
Townsville	120.9			
Mackay	122.9			

Brisbane ranged from

119.9 to 111.9 over this time.
mainly 115.9 or less.
