Hi there,

I am writing to you today to let you know that I strongly support new laws taken and implemented to ban outdated polluting farm practices that are harming our Reef.

The Reef has experienced some of the worst bleaching events in history in the past two decades.

With so much of the Reef decimated by bleaching, protecting the remaining coral by controlling crown of thorns outbreaks and reducing sediment run-off from farms is vital for its health.

Thank you for taking actions.

Kind regards,

Audrey Rivoire
