Subject: Support for new laws against reef pollution
Date: Thursday, 14 March 2019 1:41:06 PM
Importance: Low

Good afternoon,

It is my understanding that the Queensland Government has taken draft laws to Parliament to cut pollution on the Great Barrier Reef.

As a registered Qld voter, I would like to express my **STRONG SUPPORT** for the new laws to ban outdated polluting farm practices that are harming our reef.

Many thanks,

Jennifer Cooper
