Subject: Saving the reef
Date: Thursday, 14 March 2019 2:01:02 PM

Hi,

my name is Leonardo Sale and my phone number is [REDACTED].

Everything in nature is connected and if a part of its amazing structure gets damaged, the rest will suffer too, in a domino effect. We have to protect nature because of what it gives us everyday and because we have the ability and the responsibility to do it.

That is why I'm writing you, to tell you that I strongly support new laws to ban outdated polluting farm practices that are harming the Reef. Let's give a good example to the rest of the world, by saving one of Australia's iconic natural wonder.

Thank you.

Leonardo Sale
