Subject: new laws to ban outdated polluting farm practices
Date: Thursday, 14 March 2019 10:04:26 AM

Dear Sir or Madam,
Though I'm not a resident of Australia, I care deeply about the future of the Great Barrier Reef in which I was fortunately to dive.

I strongly support the Government about the new laws to ban outdated polluting farm practices that are harming our Reef. Please keep Australia beautiful!

Fennie
