

Criminal Code (Defence of Dwellings and Other Premises—Castle Law) Amendment Bill 2026

Submission No: 023

Submission By: Cornelius Brits

Publication: Making the submission and your name public

We should have the right to defend ourselves and loved ones within the home you live and feel safe in, right now I do not feel safe in my home in fear of some low life entering with intent to steal and harm those in their way, they should not be there in the first place, entering the yard I'd already trespassing, braking into the residence is trespass with intent, this we must be able to defend ourselves from,

Thank you
