We need castle law ,these are our own properties that we need to be able to protect .The criminals have more rights than the home owner.Elderly people are scared ,fathers can't protect there children or there wife's and processions and the things we have worked hard for. It's not right and we need a law that protects us and to have a government that is supporting the people not supporting themselves we need castle law to protect our way of life and to deter criminals.
