Having people break into your home while your 9 and 10 year old sleep and have your car and many other positions stolen is terrifying. 6 months later my wife was then sexually assaulted in front of our 9yo. It's unacceptable that law abiding citizens are left to deal with this crime and the aftermath that follows of having to sort out a new car and support children and wife who are impacted. This changes my vote due to government inaction. Nothing is more important that the safety of my family.
