

Criminal Code (Defence of Dwellings and Other Premises—Castle Law) Amendment Bill 2026

Submission No: 084

Submission By: Jake Robson

Publication: Making the submission and your name public

Amend, add or rectify the legal use of non-lethal arms for self defence not only within homes but premises and public also. Non-lethal arms align with self defence tools such as OC (capsicum) spray/jell, stub taser and batons.

Legal use should be allowed for these types of self defense tools within our homes, premises and within public domain.

Lessen the risk of women being targeted in public and the protected use of these tools in home environments.
