I've worked as a personal trainer in Suttons Beach park for the past 13 & 1/2 years. Over this time I have watched this space deteriorate. I've had to call the police in fear of my safety and the safety of others, for things like drug overdoses and being abused but intoxicated people that are camping in the area. Not to mention drug paraphernalia and needles being left in the park. It's becoming harder and harder to ensure my clients and my own safety in this public space.
