Your Stance on drugs is very broad and at times outdated. When you say drugs, do you mean alcohol? Prescribed Drugs? or drugs in general as there needs to be a stance on what drugs you are looking to enforce and which ones you are wasting taxpayer money on.

I own and operate in the medical space and would like to talk with Marty Hunt about his stance on cannabis and educate him. I have run hundreds of education sessions on cannabis. I believe our MP's have no knowledge of cannabis and make decisions based on propaganda from the early 80's.

The times have changed, we have more than 80,000 peer-reviewed papers on cannabis and cannabinoids.

Please allow me to the time to speak with Marty on these matters.
