---

We have had to deal with alot of anti social behaviour around our monthly community events and free camping on our state leased land. We have to clear them out of the area including council parks to facilitate our free community event. Police and council have both stated they cannot do anything regarding this matter. We have had to deal with the rubbish cleanup on multiple occasions at our cost, which we are a not for profit and cannot continue to do this. At one point police were present during the cleanup in case the person returned.
