

Expanding Adult Time, Adult Crime and Taking a Strong Stance on Drugs and Anti-Social Behaviour Amendment Bill 2026

Submission No: 070

Submission By: [REDACTED]

Publication: Making the submission public but withholding your name

Good morning Mr. Vorster,

Thank you for the opportunity to make a submission.

I am of the opinion that the Laws governing the use of e bikes & scooters are too lenient in today's society, I am a strong advocate for the implementation of stronger laws in the area of safety particularly the wearing of helmets, safety high viz clothing day and night, the use of mobile phones, drug and alcohol use and possibility of a Licensing System, in fact Road Rules should be universal for all road uses. Unfortunately, this has become necessary due to the lack of supervision of the modern-day parenting system.

I am a strong supporter of more use of the likes of surveillance Helicopters, the use of the Canine Squad and the use of more boots on the ground supported by a more efficient Judicial System, too much time and effort is wasted with Policing People being bogged down in administration duties.

In recent years we saw how effective the Gold Coast RAP Squad was in controlling crime in the area.
