---

Please strengthen the laws pertaining to what I remember as 'public nuisance' or 'disorderly behaviour' but better known these days as 'anti social behaviour'. We do not want drug or drink affected persons, in particular, able to walk or live in our public places. Police need to be able to relocate such people quickly and promptly.

The Queensland Government needs to ensure there is no disturbance to businesses or the community from people behaving badly.

Please consider improving options for drug/drink effected persons such as ensuring these people are properly confined and provided with addiction treatment also.

Thank you
