

Expanding Adult Time, Adult Crime and Taking a Strong Stance on Drugs and Anti-Social Behaviour Amendment Bill 2026

Submission No: 086

Submission By: [REDACTED]

Publication: Making the submission public but withholding your name

Good morning

We have been impacted directly by anti social behaviour for approximately 20 years due to a development occurring behind our property. In the form of groups, gangs, individuals, drinking, public urinating, fences graffitied, our rear fence set alight. Redland city Council have ignored our pleas from the beginning installing CCTV Cameras being a concealed space, crimes ongoing in the Shopping precinct filter in behind our property. Over the years drug paraphernalia has been located behind our properties reported. Dealers have been utilising this whole area, also the Shopping Centre. they are prevalent came up with our second Police Petition in

2024. We have also been threatened by some locals due to our cameras we installed in 2018 as a third party registered with qps and utilised extensively by Detectives and QPS.

In mid 2024 a decision was made to shut down our Community Bushcare group behind our property due to ongoing syringes, a knife was found concealed by a Council Officer.

Drug paraphernalia also found in the Shopping centre.

When drugs. Anti social behaviour impacts our neighbourhoods, the Community, it needs a collaborative effort by all key stakeholders to implement Crime Prevention Strategies.

Public and Community safety is the priority and should not be compromised. Bureaucracy and Politics has plagued this problematic location.

Our lives have been sacrificed, well being, and safety. And now impacted my health. Our dear Neighbour's who have now passed also suffered we are now their voice.

The systems are broken primarily in Local Govt not implementing their official Safety Policies.

Thank you

Thank you
