As a business owner in Nambour and the owner of a ladies-only gym, I strongly support the WriteExpanding Adult Time, Adult Crime and Taking a Strong Stance on Drugs and Anti-Social Behaviour Amendment Bill 2026.

Our gym is a safe space for women, many of them mothers who train early in the morning or later in the evening.

Unfortunately, we often see anti-social behaviour, drug activity, and disturbances happening on the streets around our area.

It can make women feel unsafe walking to and from their cars, especially during early morning and evening sessions.

Our community deserves to feel safe. Businesses that are trying to create positive spaces should not have to deal with constant disruption outside their doors.

I support stronger action to address crime, drugs, and anti-social behaviour so families, women, and small businesses in Nambour can feel safe again
