Hello

We wish that Southport CBD be classified as a Designated Business & Community precinct.

My husband & I live in the hub of Chinatown in Southport 4215 Qld.

We have lived here 14 months and in that time, the amount of anti social behaviour has escalated. Mostly with drunks & drug affected women & men roaming the streets of the CBD. There are definitely more homeless women on the rise, which is shocking. Most are walking the streets yelling/screaming abuse at regular passers by, obviously in some psychotic rage. They stride through Australia Fair shopping centre yelling to themselves and at people.

The park opposite our apartment Woodroffe Park, has been taken over by people partying & sleeping in the park. They are hanging around the Southport Community Centre. Their sounds & swearing echo across the road to the residents in the 3 apartment towers, all through the nighttime.

You need only walk down Nerang st from the corner of Scarborough st, noisy homeless people sitting around together up against shopfronts, with their belongings in shopping trollies, It is quite intimidating.

Something needs to be done as Southport is becoming a ghetto.

Yours truly
