---

I am of the belief that we should not be subject to firearms categories. The only difference between holding an A and B licence and holding a C and D licence is essentially an ABN

I also believe there should be no limits to the amount of firearms an individual can own. A firearms owner could be in possession of family heirlooms plus be a sports/target shooter with the need for multiple firearms themselves.

A one size fits all approach does not work in this situation. Especially considering the humane dispatch of feral animals, not one caliber can be used to cover the wide variety of feral animals present in Queensland
