I support the stance that David cruisafulli and his government are doing. As a licensed gun owner i believe it is our right to own guns in QLD and Australia as long as you are a fit and proper person, like what we have to go through when we get our licence. I would like to see abit more about the hate towards Christianity instead of just antisemitism. Hate on all religions should be illegal in our free country. I appreciate what David is doing and keeping QLD a democracy instead dictatorship.
