---

I am writing to express my support for the newly proposed changes to Queensland's firearms legislation. After reviewing the details, I am satisfied that the proposed measures strike an appropriate balance between public safety and the rights of responsible, law-abiding firearms owners. In my view, the proposed reforms are measured and reasonable. They appear to address current concerns without placing unnecessary additional burdens on responsible individuals who comply with existing laws and regulations. At this time, I do not believe any further restrictions are necessary beyond what has already been proposed. The current proposals seem sufficient to maintain community safety while respecting legitimate sporting, occupational, and recreational firearm use. Thank you for the opportunity to provide feedback on this matter. I appreciate the work being undertaken to ensure Queensland's laws remain effective and balanced.
