I have made numerous representations previously to Labor regarding making gun theft a mandatory sentencing crime and the use of a firearm in a crime a cumulative sentence that cannot be mitigated. They stated they liked the idea but when it came to all the previous Weapons Act amendments, they lied and only made it harder for the mums and dads of shooting and ignored the criminal element. Gun theft must have a deterrent to protect law abiding licence holders and the community. There is only one reason to steal guns and that is to support organised crime and serious criminal elements.
