Good day,  
I believe these amendments to be fair and just in upholding our communities safety.

As with most other licenced club member's these changes do not interfere with our sport.  
I hope if any other changes are proposed that the opportunity is again available to make submissions to the committee.  
'Thankyou' on behalf of our international members who work in the industry or enjoy the sport, who sincerely appreciate the generous time granted to prepare for these amendments.
