I am deeply concerned about the contents of this Bill. Those opposing Israel's genocide care about human rights of all people and the misinterpretation of sentences such as "From the river to the sea" and "globalise the intifada" to mean something antisemitic is plain wrong. Saying that Palestinians shouldn't have their human rights squashed, their land and bodies damaged or destroyed under an illegal occupation, apartheid system, and brutal onslaught, is not antisemitic. It is caring for the safety of all humans, Jews included. Israel is a nation state. No nation state should be above criticism. Australians should have the right to freedom of speech and peaceful protest.

Thank you for your time,
