Dear Parliamentary Committee

As a LAFAO, holding A B and H licences,

I agree with current firearms legislation in Queensland with regards to storage and background checks. And further changes to licensing that would enhance those checks that keep firearms out of criminal hands, while not punishing LAFAO.

I agree with harsher mandatory sentences for crimes involving firearms, also for possessing illegal or stolen firearms.

I absolutely DO NOT agree with any changes to Cap Firearm numbers.

Reason; If we are trusted to have 10 Then we are trusted to have 20.

I absolutely DO NOT agree with firearms category changes, in fact the current system should be scrapped.

Reason; Streamline and simplify licensing... again, we are trusted to own one type of firearm, we should be trusted with all currently available firearms.

I absolutely DO NOT agree with the knee jerk, politically motivated federal laws that do nothing to stop terrorism.

Reason; They punish LAFAO, business operators and people who follow the law.

Eight members over three generations of our Family are licensed firearm owners who are passionate about our shooting sports.

My Father passed away 18months ago leaving me his firearms, which are used every month by family.

Caps and bans, will only punish those who do the right thing.

Yours Sincerely,

Law Abiding Firearm Owner for more than 50 years
