There should be no firearm categories. If you are a fit and proper person the firearm type does not matter.

Collectors shouldn't have to make firearms permanently inoperable. It virtually makes them worthless.

Suppressors should not be restricted as they are a health and safety device for the protection of hearing. It is not like Hollywood when using a suppressor where they are near silent. They reduce the noise so as to not cause hearing damage and would be useful when carrying out pest eradication around livestock.

Thankyou.
