I am concerned about the recent Fighting Antisemitism and Keeping Guns Out of the Hands of Terrorists and Criminals Amendment Bill 2026. While the Bill's title is reassuring and appears to have a laudable aim, I believe this Bill disproportionately targets communities advocating for Palestinian human rights and that the Bill creates excessive power to prescribe political speech without appropriate democratic scrutiny or oversight. If this isn't rectified future Queensland Governments may have the ability to abuse this power.

Therefore I ask you to withdraw this rushed Bill and, instead, to consider other ways to bring about greater social harmony and inclusion for people of all religions, ethnicities and cultural heritage.
