Subject: Criminal Law (Domestic Violence) Amendment Bill (No. 2) 2015.
Date: Friday, 11 December 2015 3:16:03 PM

Re the Criminal Law (Domestic Violence) Amendment Bill (No. 2) 2015, I would ask that all domestic violence incidents referred to Court be regarded as criminal from the first instance. I would ask that there is a separate offence of choking/strangulation. I would ask that all people breaching a Domestic Violence Order (DVO) are mandated to complete a men's behaviour change program, or else face prison. I would ask that the anti-discrimination Law be altered to include vilification on grounds of gender/sex. I would ask that penalties for domestic violence (DV) offences be increased, with more & longer jail terms.

Please confirm receipt of my submission, submitted in an individual capacity.

Best wishes,

Zoe Martine Moore,
