Re: PROPOSAL TO REPEAL PROOF OF  
IDENTITY LAWS FOR VOTERS.

Members:

I wish to make known my opposition to  
the subject proposal.

My reasons are:-

- (a) There is nothing onerous in being required to  
prove identity because in this day and age  
it is a fact of life.
- (b) In the past when identity was not questioned  
anyone could vote multiple times.
- (c) Often - no very often, the dead managed to vote.
- (d) Also, impersonation of a voter was often practised.

Please consider we are in the 21<sup>st</sup> Century  
not the 19<sup>th</sup> Century and do not recommend  
any change to the current law.

Yours faithfully  
Nat Chandler

P.S I became aware of your Committee through  
Mr. Peter Mullington who suggested I write direct  
to you.
