Good afternoon

In an age where ID is required for almost everything we do, it is most important for voters to provide a photo ID. e.g Drivers Licence or 3 forms of other identity including Medicare Card or some other government issue card. Young people who do not have licences obtain over 18 photo ID cards to enable them to enter nightclubs. Older people without photo ID, have medicare or pension cards.

It is vital that this is not changed, and a way forward, in an economical way, is identified.

Many thanks
