Subject: 2015 Amendment Bill on Electoral and Other Legislation
Date: Wednesday, 8 April 2015 5:12:53 PM

Dear Members of Parliament,

In the discussion on the abovementioned Bill, I ask Members to always act to uphold the highest level of integrity within our State, as is required by the Queensland *Code of Ethics* which State employees and volunteers are required to adhere to.

The electoral system needs to be protected against all fraud, and given that we now live in a society where you are always being required to provide I.D., it is not a arduous task to have to provide it on election day. It is a good way (not 100% perfect way - for nothing is 100% certain) to reduce voter fraud.

Therefore, please retain the current provisions which require people to show their proof of identity before being eligible to cast a vote.

Yours sincerely,
(Mrs) Alison L Finlayson
