Dear Sir/Madam,

It is with great concern that I have heard of the move by the current Queensland labor representatives to remove the proof of identity requirement before casting a vote. This requirement for voters to provide proof of identity before casting their vote is a responsible means for ensuring the integrity of the electoral system and minimising the possibility of voter fraud. Please retain this necessary protection for the community and for the strength of and confidence in the electoral system.

Kind regards

Patricia Heazlewood
