I refer to the legislation that would **remove the requirement for voters to provide ID** before voting in state and local government elections.

Without ID, it would be easy for someone to cast a vote in the name of another person and the fraudster cannot be traced.

Please retain the current requirement for voters to provide proof of identity before casting their vote.

This requirement is widely accepted by the community, and is needed to ensure the integrity of the electoral system by minimising the possibility of voter fraud.
