***Please retain the current requirement for voters to provide proof of identity before casting their vote.***

***This requirement is widely accepted by the community, and is needed to ensure the integrity of the electoral system by minimising the possibility of voter fraud.***

I know there is only one of me but whoever sits and crosses off the names at the booths don't know who I am.. so yes PROOF of IDENTITY is a must in this day and age, you need proof of identity for so many things so why take it away for voting.. WE NEED to KEEP it...
