To the Committee

Please keep the requirement for voters to provide an ID at the time of voting in State and Local elections.

I need to produce an ID at various times, e.g. sometimes at the Post Office.

I consider voting a far more important event at which to produce an ID.

People of ill intent will be very happy not to have to produce an ID at voting time.

Having to produce an ID when voting is progress, **removing it is a retrograde step.**

Kind Regards
