Dear Research Director,

I am writing to strongly oppose the proposed changes to the Electoral Act 1992 as proposed by the Electoral and Other Legislation Amendment Bill, 27th March 2015.

I particularly oppose the changes for voter ID requirements. Presenting ID is a normal part of routine life for all Queenslanders. It only seeks to confirm the public's views that the ALP engages in voter fraud. The ALP have put forward no reasonable case for the removal of voter ID. The removal of sensible legislation that proves the identity of each voter is a step backward for our state of Queensland.

I also oppose all of the other proposed items on the amendment bill as they only seek to self serve the ALPs agenda and interests and not the best interests of every Queenslanders.
