To whom it may concern,

I am totally against removing the requirement for voters to provide ID before voting in state and local elections. Providing ID is routinely required in numerous situations. It is a legitimate and acceptable requirement. Voting in an election is a very important duty and right and I was overjoyed in the last state election for us all to have to provide ID. It was no hardship to do so.

Please do not remove the need for all registered voters to have to provide ID.

Your sincerely,

Ann Bishop
