Subject: Proof of Voter ID
Date: Thursday, 9 April 2015 7:54:20 AM

Sir/Madam

I wish to voice my objection to the proposed changes to the current requirement for voters to provide ID. This requirement for proof of identity is a standard requirement for everyday life; opening bank accounts, full birth certificate is required for a passport application, to obtain a mobile phone and the list goes on. For one of the most important acts one can participate in, ie casting a vote for the future of this State, voter ID should be obligatory. I therefore express my objection in the strongest possible terms to the removal of the ID requirement.

Regards,

Greg Crews
