Dear Sirs,

I strongly oppose any change the to legislation which would remove proof of identity in State Government and/or Local Government elections as it opens the doors for corruption, double voting and other forms of illegal vote rigging.

Remember the words which are inscribed on the steps entering parliament: UNLESS THE LORDS BUILDS THE HOUSE, THOSE THAT BUILD, BUILD IN VAIN.

The Labour Government was elected on a platform of honesty and integrity. This proposed change does not enhance that promise to the electorate.
