Hi

I am concerned about the proposal to remove the need for voters to provide ID when voting. This could lead to voter fraud. It is usual for people to prove identification for obtaining other services etc. Do parliamentarians not consider voting a serious matter, or are they trying to enable people to cast multiple votes in different names? I'm sure they know very well that people will be dishonest if provided with the opportunity.

Please do not allow this proposal to proceed.

Regards  
Mrs Alva Connelly
